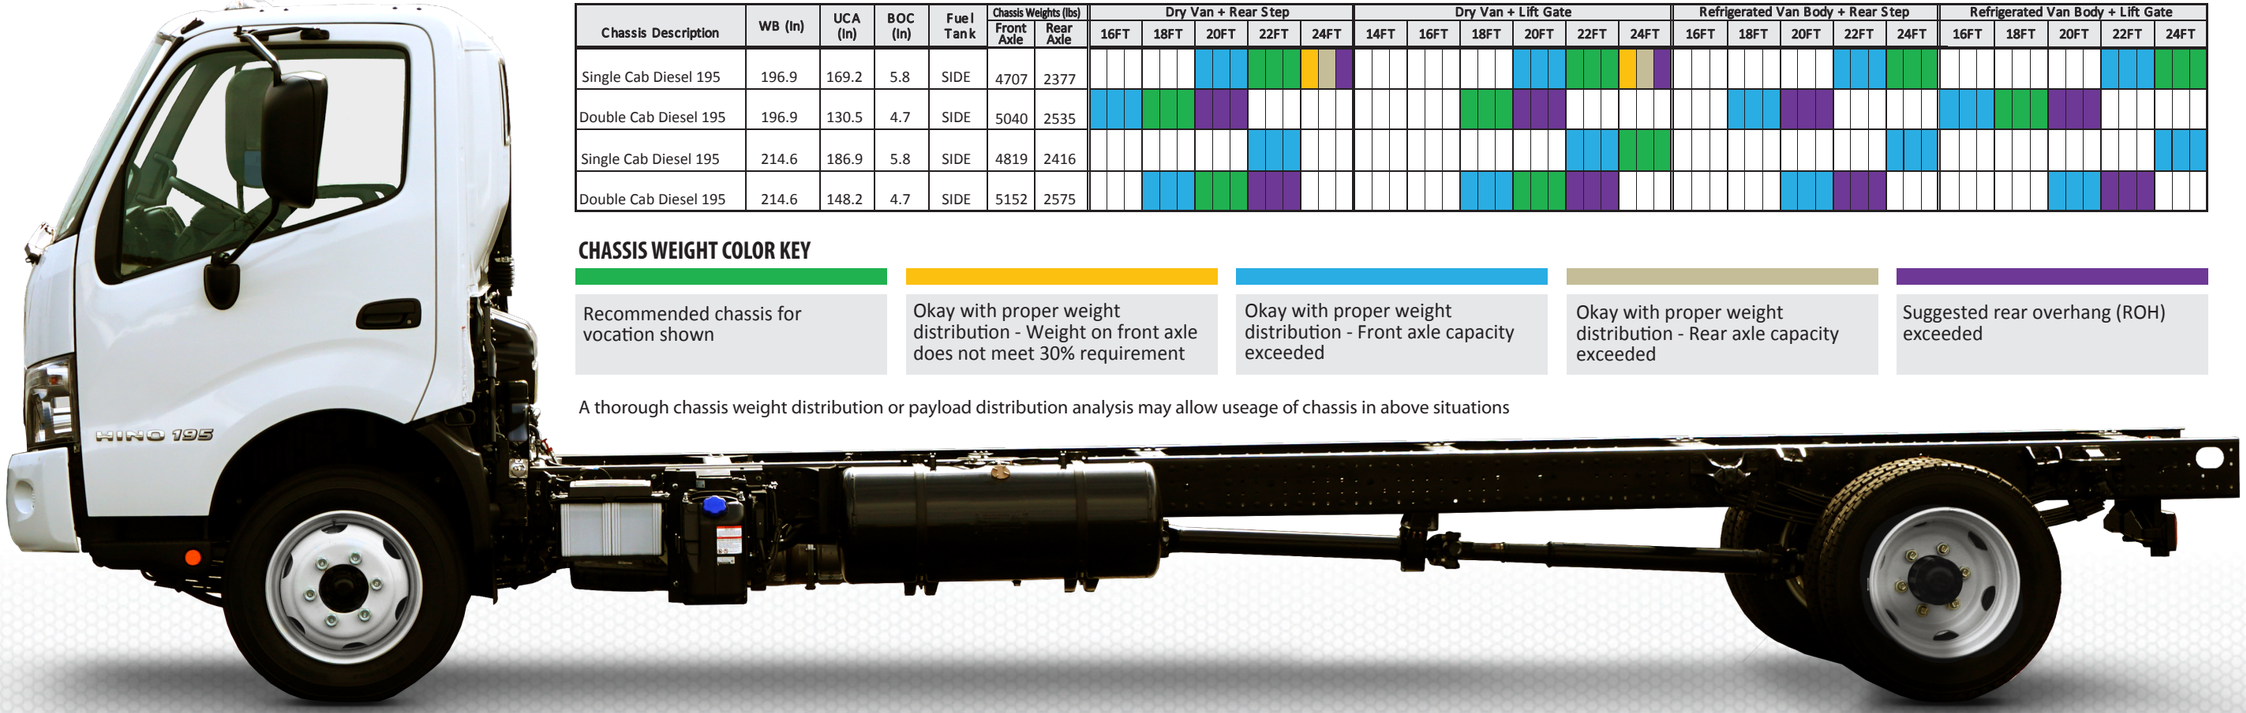
Single Cab Diesel 195	196.9	169.2	5.8	SIDE	4707	2377																					
Double Cab Diesel 195	196.9	130.5	4.7	SIDE	5040	2535																					
Single Cab Diesel 195	214.6	186.9	5.8	SIDE	4819	2416																					
Double Cab Diesel 195	214.6	148.2	4.7	SIDE	5152	2575																					

CHASSIS WEIGHT COLOR KEY

- Recommended chassis for vocation shown
- Okay with proper weight distribution - Weight on front axle does not meet 30% requirement
- Okay with proper weight distribution - Front axle capacity exceeded
- Okay with proper weight distribution - Rear axle capacity exceeded
- Suggested rear overhang (ROH) exceeded


A thorough chassis weight distribution or payload distribution analysis may allow useage of chassis in above situations
