

HINO EDGE

YOUR CONNECTED ADVANTAGE

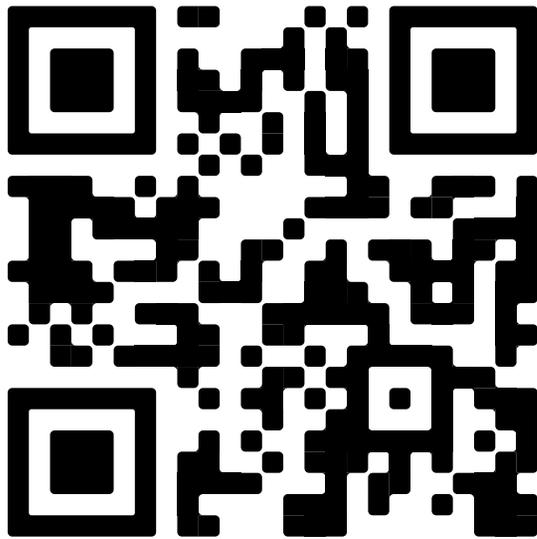

HINO EDGE

WELCOME TO THE EVOLUTION

Hino Edge is a deeper, more useful and more powerful tool to connect you with your fleet effortlessly. Hino Edge is a body of services within the Hino Ultimate Ownership Experience that only Hino Trucks can offer you. It's a suite of services that helps us maximize your uptime, decrease maintenance costs, and increases your ROI.

Hino Trucks has partnered with multiple telematics providers where we can connect you with your desired solution to meet your business needs. One advantage is that the hardware you need is already inside your Hino truck. Do you currently use your own system? Great, we can seamlessly integrate what you're already using into your new truck by providing access to our Case Management platform. With Hino Edge, it's about maximizing value and making things easier.

5 YEARS OF HINO EDGE

Gain a competitive advantage with five years of complimentary access to the Hino Ultimate Ownership Experience portal that provides vehicle location tracking, real-time fleet performance and fault notifications, and vehicle health monitoring.

The Case Management Platform will provide you with a streamlined service experience and the flexibility to add a third-party advanced telematics service from one of Hino Trucks' preferred partners and eliminate the need to purchase additional hardware.*

*Exceptions may apply. Subject to customer requirements.

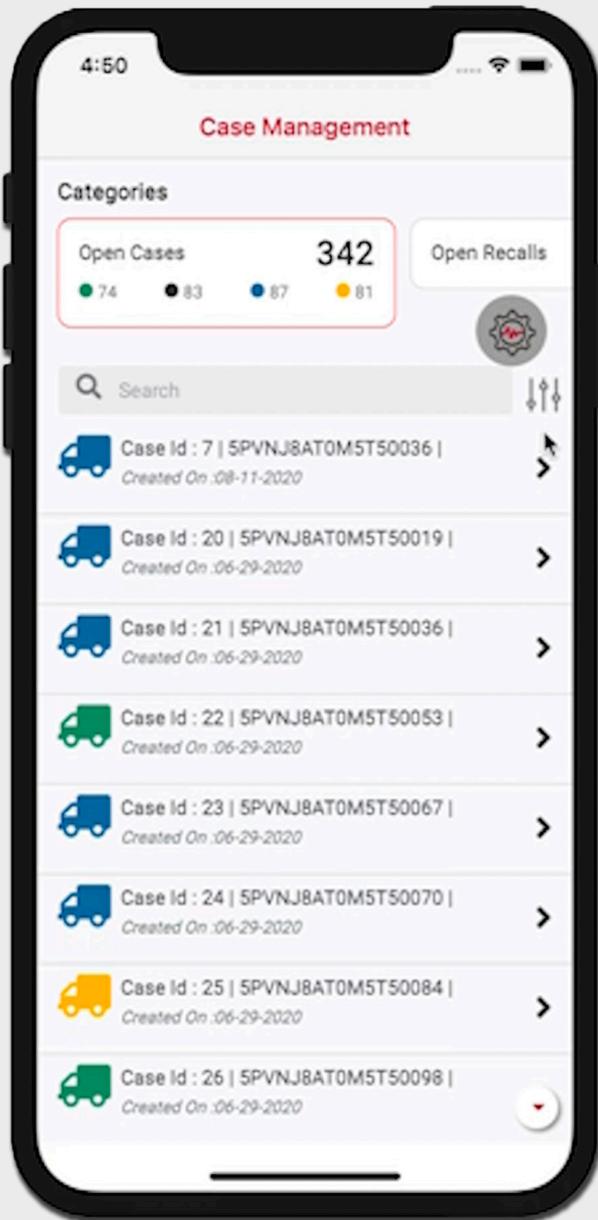

DEPOT MANAGEMENT

Never guess where your truck is again. With Track & Trace, you can always know where your vehicle is. Find your closest dealer's location and contact information, no matter where you are. You're never too far from help.

Knowledge is power. We provide benchmark reporting. Within the Depot Management, you can see how your fleet compares to other Hino fleets regarding fuel economy, utilization, and even things as specific as DEF-level dashboards.

You can also use the "Poll Vehicle" feature to update location and operation parameters such as battery voltage.

Take Control. With Depot Management, you'll have access to your vehicles and can grant (or remove) access to users in your organization, so you have the right people controlling the correct trucks.

CASE MANAGEMENT PLATFORM

Communication is key. Communicate how you like: phone, text, or email. Respond to a text message, and it's automatically logged into your case history. Receive real-time fault notifications that don't just alert you but let you know the severity of the alert with a detailed description of what's happening. You'll have access to the Hino Truck's support center and your dealers, so you're in the know.

Stay in the Know. With service status updates, you will receive real-time communication throughout the entire repair process; "checked in", "in service", "awaiting approval", to "ready for pickup." We can even send estimates to your inbox to help provide quick approval to limit downtime.

The Case Management platform gives you access to everything you need to run your business more efficiently and profitably. Maintenance reminders, recall notifications, the ability to see open cases, and the best part: your dealer's service center will have your data, so they're prepared when your truck arrives.

**STAY IN
THE KNOW**

PLAYS WELL WITH OTHERS

TELEMATICS

Let our people talk to your people. In addition to your Ultimate Ownership Experience dashboard, Hino Trucks has partnered with the top Telematics Service Providers (TSP) to ensure we integrate into your business systems quickly and flawlessly. In your preference settings, you can also have your data directly sent to the TSP* of your choice - saving you the cost of additional telematics equipment.

* Hino is continuously working on adding new TSP partners. To get the most up-to-date TSP list, please visit: [Hino.com](https://www.hino.com) and click Telematics.

A white Hino truck is parked in a field, with a red overlay across the entire image. The truck is the central focus, showing its front grille, headlights, and side mirror. The background consists of trees and grass, all tinted with a red color. Overlaid on the right side of the truck is a testimonial in white, bold, uppercase text.

"I RUN A SMALL COMPANY WHERE I TYPICALLY RUN THREE TRUCKS 10 HOURS A DAY. ONE OF MY TRUCKS WAS RECENTLY STOLEN. AFTER I CALLED HINO TRUCKS FOR HELP, I WAS EMAILED MY TRUCK'S LOCATION WITHIN MINUTES. I WAS ABLE TO CALL THE POLICE, AND MY TRUCK WAS RECOVERED. IF IT WERE NOT FOR THEIR HELP, I WOULD HAVE LOST MY TRUCK AND MY BUSINESS. I REALLY HOPE THEY UNDERSTAND HOW THANKFUL I AM."

-SAM HANA, KLEAN TIRES RECYCLING, INC.

THIS ISN'T JUST ABOUT A TRUCK.

When you buy a truck from Hino, the moment we hand you the keys, and you drive away that isn't the end... It's just the beginning. Our commitment to you is about maximizing value and making things easier for you.

Are we proud of the truck we built for you? Of course! Our primary focus, though, and what we feel is crucial to your business's success, is being with you and your truck for every mile you drive. We call this the Ultimate Ownership Experience, which we believe to be the most important part of being in the Hino Trucks family.
