The state-of-the-art Hino A09 Turbo Diesel engine is renowned globally for driving performance, economy, durability, and reliability. Want proof? The B10 life rating for this engine is 1,000,000 miles!

Yes, we do the little things like extra-wide door openings, large step surfaces and grab handles to keep drivers safe, but in today’s world, that’s not enough. With the Hino Safety Suite, active safety systems drivers are safer with the help of today’s cutting edge camera and radar technologies.

Driver retention is tough. Bluetooth Radio w/CD player, Air ride drivers seat, USB charging port, A/C, cruise control, tilt & telescopic steering wheel, will help. That’s why it’s STANDARD.

Layers of air between you and the bumpy road. Air suspension drivers seat and the Link Cabmate® Air suspension cab are both STANDARD.

At Hino we are leading the industry in supporting your business. From the moment you take delivery of your Hino INSIGHT equipped connected vehicle, you’re on the road to more uptime and lower operating costs. Combining Telematics, Remote Diagnostics and Case Management in one integrated platform, Hino INSIGHT puts critical vehicle and driver management tools at your fingertips.

Hino enters into the Class 7/8 market with style. Meet the all-new Hino XL Series. With more power, higher GVRW, and more options, Hino now supports a broader range of customers. Hino Trucks models have been the fastest growing medium duty trucks for years. It started with great aerodynamics and durability, and continued with standard connected vehicle features like Hino INSIGHT - which provides Telematics, Remote Diagnostics and Case Management for the first time in this vehicle class. Combine this track record with the legendary Hino A09 engine and the Hino XL7 & XL8 models are bound to turn heads.

Available in day, extended and crew cab configurations, the Hino XL Series trucks are ideal for applications ranging from 33,000 lbs. to 66,000 lbs. GVRW. Add industry leading warranty and support from HinoCare and HinoWatch and you can see why Hino Trucks has everyone talking - POWER ON.
**XL SERIES - SPECIFICATIONS**

### ENGINE/DRIVETRAIN/AXLE

- **Engine model**: Hino ADX 105 Diesel
- **Transmission**: 6-speed Allison automatic
- **Transmission cooler**: Yes
- **Rear axle/susp. lbs.**
  - 6x4 Wheelbase
    - Front axle/susp. lbs: 12,000
    - Rear axle/susp. lbs: 21,000
  - 4x2 Wheelbase
    - Front axle/susp. lbs: 12,000
    - Rear axle/susp. lbs: 21,000
- **Engine idle shutdown**: 3, 5, 10 minute
- **Mitigation with Adaptive Cruise**: YES
- **Hino Safety Suite**
  - Battery disconnect & jump start station
  - SAF Holland FW17 or FW35 fifth wheel (stationary)
  - Rear of cab work light
  - Rear view camera (avaliable with backup monitor)
  - Rear view mirror (available with backup monitor)
  - Backup camera (seats 6)
  - Rear camera (seats 5)
  - Trailer side puddle light
  - Battery disconnect & jump start station
