OPTIMIZED DRIVER EXPERIENCE

EASY ENTRY & ACCESS

SAFETY IN EVERY MILE

count on confidence in every turn and safety in every mile.

INTERIOR + COMFORT

Driver Experience (Interior + Comfort): Step inside the L or XL Series and you'll notice an automotive inspired interior with premium fit and finish that makes every drive feel first-class, an environment designed to keep drivers motivated. The standard air-ride driver's seat puts air between you and the rough road and reduces fatigue on long hauls, while the spacious and comfortable cab offers room for the whole crew. Plus, with a sleek digital instrument cluster that's modern, easy to read, and confidence inspiring, drivers are equipped with everything they need for a smooth, relaxing ride.

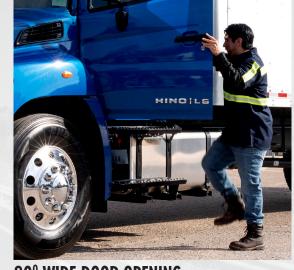

shouldn't feel like work. That's why Hino designed every detail with driver comfort and safety in mind:

Climbing in and out of your truck

- 80 DEGREE WIDE-OPENING DOORS WITH LOW STEP-IN HEIGHT
- DEEP, SLIP-RESISTANT STEPS FOR SECURE FOOTING
- ERGONOMIC GRAB HANDLE FOR SAFE ENTRY/EXIT

of directional instability that could lead to loss of vehicle control or rollover. Standard on all Tractors.

Meet Hino Edge, our third-generation connected vehicle solution that comes standard on all trucks. Synergizing the digital connection between the fleet customer, dealer network, Telematics Service Providers, and Hino Ultimate Support Center - providing you with a competitive edge.

CONNECTED VEHICLE EXPERIENCE: HINO EDGE - 5 YEARS COMPLIMENTARY

SMARTER FLEETS:
REAL-TIME TELEMATICS AND CASE
MANAGEMENT KEEP YOUR TRUCKS

SEAMLESS SUPPORT: DIRECT CONNECTION TO THE HINO ULTIMATE SUPPORT CENTER.

ENHANCED UPTIME: INSTANT VISIBILITY INTO TRUCK HEALTH AND SERVICE NEEDS.

CASE MANAGEMENT

Have the answers at your fingertips with Hino Case Management powered by Decisiv. You can track the status of your repair and communicate with your service technician in real time. You also have the ability to view and download repair reports, invoices, and other documentation, all in one convenient location. With Hino's Case Management system, you'll have the complete visibility and control over your service repair process and maintenance scheduling-ensuring that your truck is back on the road quickly and efficiently.

DASHBOARD

The Hino dashboard allows you to view your fleet location, nearest dealer, and how your fleet's utilization compares to others. With Hino benchmarking, you'll see a graphical snapshot of how you're doing compared to other similar vehicles in similar situations. Idle times, fuel economy, DEF level, and utilization graphs help to optimize the performance of your fleet, so you can find them here in real time. Never fly blind again - everything you need to maximize your fleet's ROI is right here, right now.

With Hino, it's all about you: We've partnered with the top telematics service providers to empower you and your business with the choices that best fit your needs. You pick the provider. You select the features that are important to you. We have the hardware factory-installed for you, with the features you want, and we'll take it from there!

OUR COMMITMENT TO YOU FOR THE LIFESPAN OF YOUR OWNERSHIP

We're helping people and goods get where they need to go, providing total support along the way. An industry-first, 5-year, unlimited-mile warranty on Allison transmissions, free roadside assistance, coverage, and a comprehensive telematics solution to optimize your fleet efficiency - these are just a few of the ways we stand behind our trucks and are with you throughout the life of your Hino.

ino Edge is a powerful, next-generation connected vehicle solution that comes standard on all Hino trucks. It ivers vehicle location tracking, a live fleet performance ashboard, vehicle health monitoring including real-time ault notifications, streamlined service experience with case communication, and telematics.
