OPTIMIZED DRIVER EXPERIENCE

INTERIOR + COMFORT

Driver Experience (Interior + Comfort): Step inside the L Series and you'll notice an automotive inspired interior with premium fit and finish that makes every drive feel first-class, an environment designed to keep drivers motivated. The standard air-ride driver's seat puts air between you and the road and reduces fatigue on long hauls, while the spacious and comfortable cab offers room for the whole crew. Plus, with a *standard digital instrument cluster that's modern, easy to read, and confidence inspiring, drivers are equipped with everything they need for a smooth, relaxing ride.

*May be substituted for an electronic analog instrument cluster upon request.

EASY ENTRY & ACCESS

80⁰ WIDE DOOR OPENING

Climbing in and out of your truck shouldn't feel like work. That's why Hino designed every detail with driver comfort and safety in mind:

- 80 DEGREE WIDE-OPENING DOORS WITH LOW STEP-IN HEIGHT
- DEEP, SLIP-RESISTANT STEPS FOR SECURE FOOTING
- ERGONOMIC GRAB HANDLE FOR SAFE ENTRY/EXIT
- SMART HOOD DESIGN FOR FASTER INSPECTIONS & EASIER MAINTENANCE

SAFETY IN EVERY MILE

Safety and maneuverability gives drivers peace of mind and businesses greater efficiency. With a large 2,385 square inch windshield, front visibility is unmatched, helping operators stay aware in every driving environment. A best-in-class 55° wheel cut delivers superior turning radius, making tight city streets, busy yards, and narrow docks easier to navigate. With an advanced safety suite, including collision mitigation, lane departure warning, and electronic stability control, you can count on confidence in every turn and safety in every mile.

LARGE WINDSHIELD VISIBILITY, 2,385 SQUARE INCHES

BEST-IN-CLASS 55° WHEEL CUT

[ACTIVE] SAFETY FIRST.

Hino's safety suite is included** on L Series chassis equipped with air brakes. The Hino safety suite includes a Collision Mitigation System (CMS) with Adaptive Cruise Control (ACC) and Lane Departure Warning (LDW), along with an Antilock Brake System (ABS), Automatic Traction Control (ATC), and Electronic Stability Control (ESC).

COLLISION MITIGATION SYSTEM
Radar-based collision mitigation system provides active braking on moving and stationary vehicles.

LANE DEPARTURE WARNING
A camera-based system that helps reduce road run-offs, side swipes, and head-on collisions due to driver inattention or fatigue through distinct audible warnings for unintentional lane departures.

ELECTRONIC STABILITY CONTROL
Automatically intervenes when there is a high risk of directional instability that could lead to loss of vehicle control or rollover.

**CMS, ACC, LDW, ATC, and ESC may be deleted during vehicle specification. ABS remains standard.

YOUR VEHICLE CONNECTED

HINO EDGE

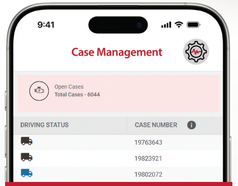
Hino Edge comes standard on all trucks. Synergizing the digital connection between the fleet customer, dealer network, Telematics Service Providers, and Hino Ultimate Support Center - providing you with a competitive edge.

CONNECTED VEHICLE EXPERIENCE:
HINO EDGE - 5 YEARS COMPLIMENTARY

SMARTER FLEETS:
REAL-TIME TELEMATICS AND CASE MANAGEMENT KEEP YOUR TRUCKS PRODUCTIVE.

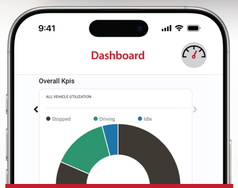
SEAMLESS SUPPORT:
DIRECT CONNECTION TO THE HINO ULTIMATE SUPPORT CENTER.

ENHANCED UPTIME:
INSTANT VISIBILITY INTO TRUCK HEALTH AND SERVICE NEEDS.



CASE MANAGEMENT

Have the answers at your fingertips with Hino Case Management powered by Decisiv. You can track the status of your repair and communicate with your service technician in real time. You also have the ability to view and download repair reports, invoices, and other documentation, all in one convenient location. With Hino's Case Management system, you'll have visibility and control over your service repair process and maintenance scheduling-ensuring that your truck is back on the road quickly and efficiently.



DASHBOARD

The Hino dashboard allows you to view your fleet location, nearest dealer, and how your fleet's utilization compares to others. With Hino benchmarking, you'll see a graphical snapshot of how you're doing compared to other similar vehicles in similar situations. Idle times, fuel economy, DEF level, and utilization graphs help to optimize the performance of your fleet, so you can find them here in real time. Never fly blind again - everything you need to maximize your fleet's ROI is right here, right now.

TELEMATICS

With Hino, it's all about you:
We've partnered with top telematics service providers to empower you and your business with the choices that best fit your needs. You pick the provider. You select the features that are important to you. We have the hardware factory-installed for you, with the features you want, and we'll take it from there!

ULTIMATE OWNERSHIP EXPERIENCE

OUR COMMITMENT TO YOU FOR THE LIFESPAN OF YOUR OWNERSHIP

We're helping people and goods get where they need to go, providing total support along the way. An industry-first, 5-year, unlimited-mile warranty on Allison transmissions, free roadside assistance, coverage, and a comprehensive telematics solution to optimize your fleet efficiency - these are just a few of the ways we stand behind our trucks and are with you throughout the life of your Hino.

HINO EDGE

Hino Edge is a powerful, next-generation connected vehicle solution that comes standard on all Hino trucks. It delivers vehicle location tracking, a live fleet performance dashboard, vehicle health monitoring including real-time fault notifications, streamlined service experience with case communication, and telematics.

Allison TRANSMISSION 5 YEAR WARRANTY

All Hino trucks come with a standard 5-year Allison Transmission warranty compared to the industry standard three/four-year warranty. That means up two extra years of warranty, unlimited mileage, free of charge.
*Allison RDS Transmission, two years extension.
*Allison HS Transmission, one year extension.

HINOWATCH 3-YEAR 24 x 7 ASSISTANCE

We've got your back - covered, that is. For the first three years of ownership, regardless of mileage, HinoWatch ensures you're protected night and day, year-round, with 24/7 roadside assistance for your Hino truck anywhere throughout the United States.

ELECTRIC INCLUSIV

Hino Trucks is helping simplify the transition to electric vehicles with Hino Inclusev, providing access to resources and solutions designed to support fleet electrification, from charging infrastructure and site readiness to ongoing support.

MAXIMIZE VALUE!

INDUSTRY-LEADING WARRANTIES

- 5-Year, Unlimited Mile Allison transmission warranty. Standard.
- HinoWatch 3 Years Free Roadside Assistance.
- Hino Max Extended Warranty offers a range of options to stay on the road.

With HinoMax extended warranty coverage, we offer a range of options designed to provide the confidence you need to ensure the longevity of your vehicle after base warranty expiration. With four distinct levels - Bronze, Silver, Gold, and Platinum customers can choose the coverage that best suits their needs and budget. Each level is crafted to deliver comprehensive protection against unexpected repairs, offering varying levels of coverage and duration to keep your Hino truck running smoothly for years to come. Whether you're looking for basic protection or a more extensive warranty, HinoMax options provide the flexibility and reliability you need to stay on the road!
